FBI-King Section 31, Serials 3031-3130 210 pp. 112 documents

There is a sequence of records relating to the Memphis evidence with tart notes added by Hoover. What is particularly interesting it aht appended to Serial 3041 is a stamp, not a handwritten note, reading " UNRECORDED COPY FILE IN" after which 62-34358 is written. This would seem to indicate the avoidance of recording is so commonplace there is a special FBI stamp for it!

3066 is a commercialization by St Preston for client Meramac Caves!
